## Engineering • Design • Manufacturing • Installation

Robots fitted with artificial intelligence

Frequency Control drives

Thermo forming robot cell

Void building row robotic cell

Slurry/Coatings extrusion line

Setting formation robot cell

Safety PLC

Automatic Finger car - Concrete

### Robot Systems

- Machine Loading and Unloading
- Assembly
- Materials Handling
- Palletizing – Case and Bag

### Assembly Systems

- Parts Feeding
- Non Synchronous Systems
- Index Tables

### Material Handling Systems

- Conveyors – Roller, Belt and Chain
- Transfers – Walking Beam and Gantry
- Cubers and Stackers
- Elevators and Accumulators

### Packaging Systems

- Manual/Automatic Powered Steel Strapping Machines
- Semi-automatic/Automatic Stretch Film Wrapping Machines
- Pallet Handling Systems

### Miscellaneous

- Special Production Machinery
- Integrating
- PLC Conversions
- Consulting
- Research and Development
- Installation Services
